

“Jewelry with plants”

To try to create your own jewel, you will need the following things:

- Cypress branch
- Stones and trimmings (the ones you like)
- A rectifier
- Joining material (resin, putty ...)
- Sealant
- Conductive paint
- Electrolytic solution for acid copper
- Silver electrolyte solution
- Distilled water
- Baking soda
- Phosphorized copper anodes
- 999 pure silver anodes
