

“Creating our own necklace”

You will need the following materials to join this IG live and create your own necklace:

- Electric marquetry saw
- Radial with sanding disc
- Multipurpose tool with 1.5mm drill bit
- Cutter 5mm
- 80, 120, 220, 320 grit sandpaper
- Steel wool
- Semiprecious stone
- Linseed oil
- Suede, leather or cotton lace

To do it completely manually, some of the materials can also be replaced by a manual saw, iron file and sandpaper.
